

Our Cookie Policy

ABOUT COOKIES

A cookie is a file containing an identifier (a string of letters and numbers) that is sent by a web server to a web browser and is stored by the browser. The identifier is then sent back to the server each time the browser requests a page from the server.

Cookies may be either "persistent" cookies or "session" cookies: a persistent cookie will be stored by a web browser and will remain valid until its set expiry date, unless deleted by the user before then; a session cookie, on the other hand, will expire at the end of the user session, when the web browser is closed. Cookies do not typically contain any information that personally identifies a user, but personal information that we store about you may be linked to the information stored in and obtained from cookies.

They may also be used to help us analyse the use and performance of our website and services.

This site offers an opt-in to join the Verendus Readers Club and cookies may be used to remember if you are already registered. When you submit data through a form such as the Contact Page, cookies may be set to remember your user details for future correspondence.

GOOGLE ANALYTICS

We also use cookies provided by trusted third parties such as Google Analytics, which is one of the most widespread and trusted analytics tools on the web for helping us to understand how you use the site and ways we can improve your experience. These cookies may track things such as how long you spend on the site and the pages you visit so we can continue to produce engaging content. Google Analytics collects information anonymously. It reports website trends without identifying individual visitors. These cookies may be stored on your computer when you visit our website.

For more information on Google Analytics cookies, see: [Google Analytics](#)

We also use social media buttons and/or plugins on this site that allow you to connect with your social network, including Facebook. For these to work, we set cookies through our site which may be used to enhance your profile on their site or contribute to the data they hold for various purposes outlined in their respective privacy policies.

REFUSING OR DELETING COOKIES

Most browsers allow you to refuse to accept cookies and to delete them. The methods for doing so vary from browser to browser, and from version to version (see your browser Help for how to do this). Be aware that disabling cookies will affect the functionality of this and many other websites that you visit. Disabling cookies will usually result in disabling certain functionality and features of the site.

You may opt out of Google Analytics without affecting how you visit our site. For more information on opting out of being tracked by Google Analytics across all websites you use, visit this [Google page](#).
